REMINDER TO ALL MS MATH FANATICS!

If you are crazy about math, friends, and food, then the "Mathfanatics" club is for you! The club meets Saturday mornings from 10:00-12:00 in Mr. Sperry's room. It is led by Mr. Sankar, a very cool guy who is an engineer and loves math too! Each meeting you'll be challenged to solve interesting and tricky math problems provided by Mr. Sankar. If you'd like to give it a try, show up tomorrow at 10:00am in room #3409. The only qualification is that you have to be a fanatic about math!
